

PROTOCOL FOR COLLABORATION WITH THE CIVIL SOCIETY WITHIN THE PROGRAM OPEN SPACE IN THE KINO KULTURA

The space of Kino Kultura (KK) is used by organizations from the civil sector as part of the OPEN SPACE program.

An OPEN SPACE is a program of KK that has been developed in collaboration with other organizations from the independent cultural scene and from the wider civil sector, individuals and informal groups. This program is open to various artistic and cultural contents, it is not regulated by a selection process, not defined by aesthetic criteria, nor by the curatorial concept. The KK recognizes associates and representatives of the cultural and art scene not only as users, but also as partners with whom together shape the development of the space and the scene itself.
